HOPE INCREASES FACULTY

Face-Lifting Done On Hope's Campus

Changes galore have taken place on Hope's campus this summer to accommodate the large group of returning students.

In Van Raalte Hall the Blue Key bookstore has been enlarged and is now on the southwest corner of the lower floor. The registrar's office has been moved to more spacious quarters on the southwest section of the first floor.

The Temple Building is expected to care for 450 boarders this year, with the Temple Lounge serving as an additional dining room. The dining room in Zwemer Hall has been discontinued, and the lower floor there has been set up to take care of dramatics. An art studio has been built on the fourth floor of the science building.

Located at 115 East 13th Street is a new men's dorm which will accommodate 18 boys. The Dean of Women's Office can now be found at 103 W. 10th Street.

Among the changes in and around Voorhees Hall are a re-furnished lounge, many rooms re-furnished, rubber tiled corridors, and a new sidewalk on the east side. The southwest corner of the lower floor of Van Vleck will house the Milestone and Anchor offices. Van Vleck Hall, West Hall, and Columbia Court have all been completely redecorated. Automatic hot water heaters are now installed in Fairbanks Cottage, West Hall, Columbia Cottage, and the Clinic. Sidewalks are being placed about Columbia and Beach Courts, and grass will soon be sown.

Anchor Staff to Hold Meeting September 22

There will be an Anchor Staff meeting for the old staff at 4:00 P. M. Monday, September 22. At 4:30 P. M. any new students who are interested in news or feature writing, business, or circulation, should meet in Room 209, 2nd floor of Van Raalte Hall.

On Leave

Miss Schuppert

Schuppert Granted Leave of Absence

Many students may have wondered why they haven't seen Miss Mildred Schuppert, Hope College cashier, on campus. Miss Schuppert, who is known affectionately by all students as "Milly," has been granted a leave of absence for one semester to attend the University of Michigan Library School.

Miss Schuppert, a native of Waupun, Wisconsin, moved to Holland in 1932. She received her A.B. degree from Hope College in 1931. Very much interested in music, she studied organ under the late Prof. Curtis Snow for five years and has served as organist of Central Park and Third Reformed churches during the past fifteen years.

Before being affiliated with Hope College as cashier, she acted as secretary to the president for nine years. Upon completion of her semester's work at the University of Michigan, she will return to assist in Hope's rapidly expanding library.

Welcome Frosh

Prof. Brand Visits Writers' Confab

After teaching one of the English courses in Hope's summer school session, Professor E. E. Brand attended the Bread Loaf Writers Conference at Bread Loaf, Vermont. This conference, which was held August 13 to August 27, brought together professional writers and people interested in writing under a very congenial atmosphere.

Robert Frost, called the godfather of the conference, attended and lectured. Many other renowned writers were present at the gathering, both in the capacity of lecturer and listener: Fletcher Pratt, novelist and writer of non-fiction; Edith Mirrielees, an authority on the short story; and Theodore Morrison, teacher of Composition at Harvard and also director of the conference.

Professor Brand attended five lectures a day, two in the morning, two in the afternoon, and one evening lecture. Some of the evening lectures were designed for the entertainment of the conference-goers. At one such as this Robert Frost read many of his own poems for the group.

Arcadian Quartet Represents Hope On Concert Tour

The Arcadian Four, popular campus quartet last year, made an extensive concert tour immediately after the close of the school year. This quartet, consisting of men from the Arcadian Fraternity, was selected to represent the school as the Hope College Quartet; the tour being sponsored by the school.

The group consisted of Bill Miedema, Grand Rapids, first tenor; Ken Leestma, Grand Rapids, second tenor; Warren Hietbrink, Worthington, Minnesota, baritone; and Bob Schuller, Alton, Iowa, bass. Accompanying the group as organist and pianist was Sam Posthuma, of Friesland, Wisconsin.

The tour took the boys through Michigan, Illinois, Minnesota, Wisconsin, Iowa, South Dakota, Nebraska, Colorado, and California. At least one appearance was made in each of these states. The quartet was met by fine, enthusiastic audiences, and made many valuable contacts with friends of Hope College throughout the country.

The object of the tour was to establish a closer relationship between the college and some of its more distant supporters. The quartet was not sent out to solicit funds for the school, nevertheless, the offerings received were sufficient to cover all expenses of the tour, pense.

In Memoriam

Milton Peterson, 19, Hope College student of De Motte, Indiana, was drowned July 14 at Winoona Lake, Indiana, while attending a Youth for Christ conference. He had completed his sophomore year at Hope in June. His brother, Donald, was a freshman at Hope last year.

Son of Mr. and Mrs. William O. Peterson of De Motte, he was active in college affairs. He was a member of the Arcadian Fraternity and prominent in YMCA activities. Milton was planning to enter the ministry.

Blue Key Opens In New Location

The Blue Key Book Store is open for business in its new location, the large room across from the Coffee Kletz in Van Raalte Basement. With the increased floor space and some new display cases the store has taken on a new appearance.

The Blue Key Honor Fraternity is running the store again this year with Chester Droog acting as manager. As in other years all profits that the store makes will be used for improvements around the college.

In order to render first class service to the students the Fraternity has hired five college men who will work part time as clerks in the store. This help plus the help of the Fraternity men will provide clerks enough to keep the store open for business from 8:00 A. M. to 12:00 Noon and from 1:00 P. M. until 4:00 P. M.

Photo Club States: Equipment Present

With the acquisition of a new Elwood Enlarger, adaptable to all common sizes of film, the members of the Photo Club at last have their darkroom completely equipped and look forward to a year full of achievement in and enjoyment of their hobby.

All interested students are invited to join the Photo Club, whether or not they are experienced in darkroom techniques or in picture taking and whether they have simple or complex cameras. The Club meets once a month to exchange ideas and receive instruction and the darkroom will be available to Club members at all times.

Toward the end of each year the club sponsors an all-college Photo Contest for pictures taken by students during the college year of campus events and scenes around the campus; prizes are awarded at the annual Honors Assembly. Students are urged to keep this contest in mind as they take pictures throughout the coming school year.

1947 Milestone

According to Howie Koop the 1947 Milestones are well on their way at the printers. The time they will be ready is dependent entirely on how fast the printers work. It will probably be around mid-October. The books will be mailed to graduates. A satisfactory settlement will be made on the quarters deposited by underclassmen.

Art Mentor

Prof. Gringhuis

Gringhuis Heads Hope's New Art Department

Hope College opened formally yesterday with the addition of thirteen faculty members and with an enrollment that promises to equal or surpass last year's record. Many of Hope's departments have been enlarged during the past summer and a wide variety of courses are offered for this coming semester.

Gringhuis

Hope's new Art Department will be under the direction of Mr. Dirk Gringhuis, native of Grand Rapids. Although a new subject during the regular school year, several courses in art have been offered by the college during past summer sessions. Prof. Gringhuis is a graduate of the American Academy of Art in Chicago and the Grand Central Art School, New York City. He is best known locally for his recent book entitled "Hope Haven" which depicts in story and paintings the history of the city of Holland. He has written and illustrated many juvenile books in the past few years, and has just been commissioned to make a series of 36 paintings of a religious nature. His paintings have been on exhibition in the Grand Rapids Art Gallery and in the Scarab Club in Detroit, where he was the youngest member.

Boot

An addition to the English Department as an instructor in

"Freshman Composition" and in "Introduction to Literature" is Mr. Wilbur Boot. He received his A.B. from Hope College in 1941 and his M.A. from the University of Michigan in 1947, and interim between being spent in the military service. Mr. Boot comes from a strong Reformed Church background, being the son of Rev. Harry P. Boot, D.D., long time missionary to China.

Ellert

Added to the Department of German, is Dr. Ernest Ellert, who comes with the rank of associate professor. Dr. Ellert was graduated from Amherst College, Amherst, Massachusetts, in 1937, and received his M.A. from Columbia University in 1940. The University of North Carolina gave him his Ph.D. in 1947. He has taught at the University of Michigan, the University of Wisconsin and Lafayette College.

Lammers

Miss Alice Lammers, graduate of Hope College and the University of Wisconsin Library School, will become assistant librarian with the rank of associate professor. Miss Lammers has done advanced work in library science at the Universities of Chicago and Michigan, and has served as librarian at Central College for the past five years.

Paalman

Two new members will be associated with the Music Department, Miss Hazel Paalman, native of Grand Rapids, and Mr. Norrette Rider of New Cumberland, Pennsylvania. Miss Paalman who comes as an associate professor of Music will instruct in voice. She was graduated from Hope in 1931 with a Bachelor of Music degree and received her A.B. from Hope in 1932. In 1935 she received her Masters of Music degree from the University of Michigan. Miss Paalman is a member of Sigma Alpha Iota, international women's music fraternity and of the Michigan Opera Company, with which she sang a supporting role in La Traviata in 1945. She comes with nine years of experience in the Detroit schools and is well known musically in that city as a soloist in the Woodward Avenue Presbyterian Church and the North Congregational Church.

Rider

Mr. Rider received his undergraduate training at the Universities of Pennsylvania and Michigan and was graduated with a Bachelor of Music from the University of Michigan in 1942. He received his Masters of Music degree from the (Continued on Page Five)

Gibbs Announces New Library Hours

Miss Margaret Gibbs, Hope's Librarian, stated today that it has been decided to lengthen library hours for the coming semester in order to give Hope's large enrollment ample time for research and a quiet place in which to study. Library hours will be from 8:20 A. M. until 9:45 P. M. Monday through Friday and from 8:30 A. M. until 5:30 P. M. on Saturdays, except that the library will be closed when students are required to be present at a college function.

1948 Milestone

Following a plan which worked successfully last year, the 1948 Milestone editor has announced that the Milestone is in the market for pictures from anyone who wishes to submit them. The Milestone will pay from 50c to \$1.00 for usable negatives, regardless of the size of the negative.

Pictures submitted can be of sports events, fraternity and sorority parties, daily occurrences on and around the campus, dorm life, pictures of college buildings, etc. The Milestone office is now located in the basement of Van Vleck hall. In the near future an attempt will be made to set up regular office hours.

203 Students Attend Hope Summer Session

Amidst the clattering and pounding of the carpenters' tools some two hundred and three students struggled to concentrate on the choice bits of wisdom expounded by their professors. June 23 was the opening date of the six weeks summer session which closed August 1. Courses were offered by each of the various departments and were taught by many of Hope's present faculty.

Two new courses were added to the curriculum — one in art, taught by Mr. Vernon Babbitt; and one in nature study taught by Dr. Teunis Vergeer.

One of the recreational features for the male students was a baseball team organized and spurred on to victory by Dr. John Hollenback. The last week of school a beach party was held at Tunnel Park.

The enrollment indicated that there is an increasing demand for this type of summer program.

Greetings Frosh

As a freshman student you might consider yourself as one link in a big chain of Hope College students. However, we upperclassmen consider you to be a very important part of Hope and its college activities. We need your participation and co-operation in all college functions, and we are hoping that you will be just as enthusiastic a group as other freshmen classes have been. It is only natural that every student wants his college to be better than every other school. This can not be accomplished by having one-half of the student body trying to better themselves and the college by getting out of school everything they can while the other half glibly sits by.

We are all probably familiar with the statement that a chain is as strong as its weakest link. Let's all try to be a strong link in the Hope College chain.

— C. J. I.

Your Treasure House

It was told on the 626th night of the Arabian Nights that when Ali Baba uttered the magic words, "Open Sesame," and the great door swung open he found a spacious, well-lighted cavern, containing rich bales of silks and carpets, gold and silver and gems in great heaps. After many exciting adventures, the wealth of the cavern became his property, and he lived in great splendor to enjoy it. Today, we want to utter those same words, "Open Sesame," and to pass into a modern treasure chamber, and share with you some of the wonderful things there. This treasure room is but a few hundred yards from here, and it is piled high with treasures gathered from all over the world by the honest and sincere labor of many men during several generations. For years this wealth has been accumulating in our

Library of about 45,000 volumes.

In those 45,000 volumes, you find an amazing collection of gems. Take your pick of them one at a time, and you hold in your hand a few ounces of the cream of the world's literature in philosophy or religion, sociology or science, history or fine art. Great names are there: Aristotle or Vergil, St. Augustine and Martin Luther, Bunyan and Milton, Shakespeare and Goethe, Copernicus, Galileo and Einstein, the bitter Swift, and the sweet singer Keats, the modern Kipling, Galsworthy, John Masefield, and a host of others. These are all yours for the asking, and they may be yours for all time, to the permanent enrichment of your life and experience.

The winter is approaching, and some of you—the lucky townspeople—will have firesides to sit by in the long evenings; others may use the large pleasant reading and reference room, the periodical room, and a few of the more fortunate may gain entrance into the two stack rooms.

Why not resolve that this winter you will read some of the best books—the great books that have shaped the civilization and thought of the world. If some of these are too heavy, try some of the great works of imagination in fiction—the Cloister and the Hearth, Uncle Tom's Cabin, Wuthering Heights, a Dickens or Thackeray, a Hardy, or if you like a Tolstoi or a Hugo. If you have read them before, read them again; their flavor improves with every reading.

Our Task

The task in which we are engaged is not the mere perpetration of armistice terms, not the mere cessation of a period of armed conflict, not the mere preparation for another interval between European wars. True peace is not the mere absence of war, but a positive and actively beneficial state of affairs. And so the ultimate task before us is nothing less than creating the framework for a renewal of European civilization, but civilization in "larger freedom." That is a noble enterprise. It is fitting that countries like the United States should make their contributions to this great objective. We are inheritors of European civilization, and in a sense trustees for it. In the field of arms we have twice gone to Europe to redress a balance heavily tilted in favor of tyranny; our contributions in the field of social and economic well-being may equally help to prevent the utter disaster of another European war.

We dare not accept the cynical view that history must, of necessity, repeat itself. The fact that the war chapters of history have been repeated in the past is largely due to the lack of foresight on the part of some of those who imposed the peace. We must build a peace based on social justice and economic betterment. Only by such a peace can freedom from fear and freedom from want be ultimately assured to the men and women, and particularly to the children of the world.

WHO CAN ENJOY anything in this world with contentment, who hath not liberty to serve God and save his own soul according to the best light which God hath implanted in him? The Liberty of conscience ought to be to all men dearest and most precious."

— John Milton.

As I marched back up the aisle, clutching the diploma which I had just received at the Commencement exercises, I could not even force a lump in my throat as I looked around at my tear-glistered classmates, for instead of sadly recalling past high school experiences, I was happily looking forward to entering college the coming Fall term.

July quickly passed with August on its heels, and I anxiously awaited the opening of college as September came into view. But all too quickly I found myself on THAT Sunday with my clothes all packed and ready for the morrow's new experiences. Now, that lump which three months previous could not be forced to appear, suddenly choked me as I thought of leaving my home, my friends and beginning a new life. I recall as if yesterday, how my sister who was about to enter her junior year at Hope, and I gathered in my mother's room and I asked her whether we HAD to go to college

— if we couldn't stay home instead. But mother knew that what I felt was a hollow feeling in the pit of my stomach as I transcended from an independent high school senior somebody into a lowly, green college freshman nobody.

Monday came all too soon and brought with it the drayman who took our trunks (stuffed until the last minute) to be sent on to college. As I boarded the train for Holland and bravely waved farewell to my parents, I felt as though I were passing on to a new continent, and I choked on a cowardly sob which had underhandedly broken out.

I finally arrived in Holland and went directly to the dormitory. I went into my assigned room and found a small dark room, practically barren except for someone's luggage scattered from one end of the room to the other. I took one look at my "year's residential plan" and quickly walked down the hall. Someone there introduced me to a thin girl dressed in a grey suit.

She had a Joisey accent and turned out to be my roommate! Her first impression of me was my bright corduroy dress. In fact that same bright red corduroy dress may have formed many impressions in the next few days, for Fate was with me. I found myself a college student at Hope College clad in nothing but a red corduroy dress for three days. You see, my trunks were misplaced and I had a suitcase full of sweaters, but no skirts, no other dresses, no sheets, pillowcases, towels and washcloths, nor blankets. Even my coats had not put in an appearance. I was more than ready to take the next train home for good. When everyone was dressed in sportsclothes, I wore saddles and — my red corduroy dress. When the girls were dressed for a formal occasion, I wore pumps with — my red corduroy dress. But now I can look back on my green freshman days and laugh at my calamities, for I realize that things happened like that to freshman girls years before I entered college, and will still be happening years after I graduate. They are all saved with the pleasant remembrances to be pasted into a scrapbook of memories. Just remember, the first hundred years are the hardest!

Our Rose Window

Hope's campus and buildings are alive with the traditions, stories and labors of many graduates and succeeding administrations. For this issue, Dr. Dimment has related the history of the Chapel Rose Window to an Anchor reporter.

Someone said, "If you look too high for beauty, you may miss the beauty Nature has provided for us." This can be applied to the fact that we often overlook the pleasing sights that adorn our own campus. It is amazing to behold the intricate beauty of the lovely Rose Window gleaming forth from Hope Memorial Chapel as a symbol of the truth for which HOPE stands.

The pattern of the Rose Window is outlined in four major circles; the outer circle portrays the period in history from Creation to the Nativity as given in the Bible, developing the study of man. Beginning at the top (right of center) is the first vignette entitled "CREATION," representing the world emerging from a misty blue. The third vignette is "PARADISE" and shows Adam and Eve in the Garden of Eden; the animals sleeping together in the foreground depict peace and security. Vignette number four is the "EXILE FROM EDEN." The coloring changes in relation to man's character and symbolizes man cultivating the soil and wearing the skins of the animals. Number six, "MIGRATION," shows Abraham leaving his home in the desert land of Chaldee.

Vignette seven, "THE DESERT WANDERING," portrays the Ark of the Covenant in the Wilderness while the Children of Israel are under the influence of the Egyptians. "PROSPERITY" symbolizes number nine, with Solomon appearing in all his glory. The prosperity of the Hebrews under the Kings and the beginning of culture are

depicted by harps and scrolls at the feet of the King. In number ten, "CAPTIVITY," the Woman at the Waters of Babylon is weeping for Jerusalem; her sorrow appears in the untouched harp and the weeping willows, representing the oppression which has come to the chosen race. Vignette number twelve is entitled the "NATIVITY," with the Savior of the World, the Babe in the Manger, and the lilies of peace at His right. Vignettes two, five, eight, and eleven are conventional designs from European cathedral originals.

The second circle contains twenty-four conventional vignettes from European cathedral originals.

In circle three, beginning at the top (right of center) and in alternate order, are the college and university seals; Leyden University, Rutgers, Harvard, Yale, Princeton and Michigan. In the same circle, beginning the second right of center, and in alternate order are the symbols of Culture: Painting, mathematics, music, astronomy, chemistry, and literature as symbolized respectively by the palette, block and scale, the harp, an ancient symbol of the sun, a test tube, and a scroll and quill.

The seal of Hope College completes the fourth and inner circle.

The start toward the fund for the Rose Window was made from the first pageant, presented by the class of 1916. The designer of this beautiful piece of art, and also designer of Hope Memorial Chapel, is Dr. Edward D. Dimment, of our own college.

V.A. Leave Policy Affects Student Vets

New leave policies for veterans attending school under the G.I. Bill were announced today by the Veterans Administration Ohio-Michigan-Kentucky Branch office in Columbus, Ohio.

The new regulations affect more than 100,000 student veterans in Ohio, 80,000 in Michigan and 25,000 in Kentucky.

Student veterans now will be granted automatic leave during change of semesters in order to insure unbroken subsistence payments. In the past, student veterans had to make 30-day advance applications for leave if they desired to continue in training status between semesters. This generally applied to the longer interims between the spring and summer and the summer and fall terms.

Veterans now will receive subsistence payments for the full enrollment period certified to VA by the educational institutions, provided there are no more than 15 days between terms. Veterans will be put on the subsistence rolls from the date of enrollment until 15 days after close of the period certified by the schools. The automatic leave will be charged against their entitlement to education and training. Those who do not want the leave must notify VA in writing at least 30 days before the end of the school year or other period of enrollment.

Student veterans formerly accrued leave at the rate of two and a half days a month during their training. Now, however, no leaves other than the 15-day extension in training status will be authorized by VA with the exception of scholastic leaves applicable to all other students.

38% of Vets Apply For V.A. Educ. Aid

Thirty-eight per cent of the 1,614,000 World War II veterans in Ohio, Michigan and Kentucky have made application for education and training benefits available under the G.I. Bill, the Veterans Administration tri-state Branch Office in Columbus reported today.

VA officials said applications through August 31 totalled 608,095, including 303,836 of Ohio's 776,000 World War II veterans, 208,276 of Michigan's 567,000 veterans and 35,983 of Kentucky's 271,000 veterans. A substantial increase is expected in the next 30 days with opening of schools and colleges for the fall term.

VA Advises Student Vets on Subsistence

VA Branch Office officials in Columbus, Ohio, emphasized that veterans entering college for the first time must have in their possession VA certificates of eligibility. These may be obtained through any VA office.

If a veteran already has started his education and plans to change his course of study he should write for and obtain prior approval from the VA regional office having jurisdiction over his training. He must have a supplemental certificate of eligibility before he can be certified for such a transfer.

If a veteran changes his address, he should immediately notify the Veterans' Administration.

Student Vets Must Estimate Earnings

Veterans studying full time in colleges and universities under the G.I. Bill no longer will have to make periodic reports of outside earnings, it was announced today by officials of the Veterans Administration. VA adopted the new policy nationwide after a survey showed that not more than one per cent of the veterans in full time college training reported any difference between their estimated earnings and actual income during a school year.

Veterans entering full-time training in institutions of higher learning under the G.I. Bill this fall will estimate their earnings from productive labor for the full period of their enrollment when they register. The amount of their subsistence allowances will be based on these estimates. The rate of payment will be authorized for the full enrollment period certified to VA by the institutions and will remain unchanged unless subsequent evidence justifies an adjustment.

Juniors, Seniors May Join English Majors

A call has come from Dr. De Graaf for all juniors and seniors who are interested in literature to join the English Majors Club. At the closing meeting last year, Leon Sparling was elected president. Because there were so few Juniors represented, the election of the other officers has been carried over until this year. All those who have an interest in reading, literary techniques and trends, informal literary discussion, and creative writing are urged to join. The club aims to promote literary appreciation, to broaden the scope of reading to include material and fields not touched in regular courses, and to have informal discussions. During the year, the group will again travel to Grand Rapids to see the Civic Players, and meet in faculty homes and on campus for regular meetings. In reviewing coming events, this promises to be a banner year for the English Majors club.

YMCA Encourages Attendance

In the past Y.M.C.A. has been a "first" for many of the fellows at Hope. Tuesday night studies, etc., have often been postponed only to find that the inspiration of "Y.M." was exactly what had been needed so that one might go forth with an added zeal.

We at Hope need to be growing Christians, and the fellowship experienced through singing, Bible reading, praying, discussing, and listening to Christian speakers from many walks of life, cannot help but encourage such growth.

We are at present experiencing the inspiration and fellowship of Orientation Week with its beach party, chapel tours, boat excursion, etc., but it is only a taste of the future in store for "Y" members. The weekly Tuesday evening meetings, the annual Mission Drive, and Prayer Week are a glimpse of that future.

Because the "C" in Y.M.C.A. signifies "Christ at every meeting," a great future is assured. For this same reason every fellow on the campus needs at least to give "Y" a try. We feel that next Tuesday evening is a good time to make our beginning and are expecting to see you then.

TEXT BOOKS AND SUPPLIES

Are Awaiting You at

FRIS BOOK STORE

30 W. 8th Street

Well, here we are again after a short pause that refreshes, bringing you up to date on the latest AVAILABLE news. Those who spent their summer vacation working at Macatawa, the Castle, or other resorts can plainly be distinguished by that alien coloring which cannot be had by working in a department store. "Hoppy" Hoppers, who collected one of those envious tans, quickly began to lose hers the hard way. She went to visit Ginny Hemmes for a week prior to school registration, and after only two days' visit wound an operation for appendicitis.

There were also some Hoppers who developed that "Gypsy" strain. Larry Masse, Bob Draper, George Miner, and Louie Brooks vacationed in Alaska and points West of there.

Claire Wierenga, Anno Vander Kolk, Judy Mulder, and Craig Van Zanten were seen sunning up at Grand Haven.

And then there were weddings aplenty: Roy Davis and Jane Reus; Nan Beuker and Bob Fraelich; Rip Collins and Loraine Hynes; Harriet Muyskens and John Maasen; Jim Wierenga and Ruth Jorgenson; Rachel Dykstra and Bob Spindler; Herb McCartney and Ruth Gunn; Bernie Smink and Shirley Kramer; Bobbie Bilkert and Don Mulder; Mary Ellen Brower and Ernie Post; Marge Guyspers and Tolan Chappel; Joan Biddle and Clutch Boerman; Al Dykstra and his

"Brownie"; and also Ray Huizenga.

Summer profits brought forth an influx of diamonds to Hope's campus. Those who were engaged this summer are: Carol McCleod to Gordon Timmerman; Glenna Gore to Baxter Elhart; Lois Van Wyk to Bob Wildman; Janet Snow to Bob Pontier; Arkie Wieten to Carl Van Raalte; Cal Hermance to Walter Kennedy; Phil Andre to Casey Oogema; Tommy Van Leeuwen to Mary; Marj Lucking to Jack French; Ginny Bilkert to Howie Koop; Fred Veltman to his friend at Albion; Gene Nienhuis; and Ginny Hemmes to Morris Laug. Gordon Brewer pinned his rat pin on Lorraine Bult.

A frequent visitor to Herpolsheimer's to visit Marge Angus (as Ed Stelson); they also went to California with Marge's folks prior to their leaving this country. P. J. Stegenga worked at Camp Blodgett up in Butterworth Hospital with which is next door to Marcia De Young's cottage.

Millie Schupart is going to Michigan State College to study for Librarian work.

Jean Snow and Claire Wierenga were among ten finalists chosen at the Vacation Music festival to compete at Soldier's Field, Chicago. Also a finalist was Keith De Jong.

Well, that's all for this issue and no doubt many more pleasant surprises shall spring up before our next deadline.

— "Ginny."

Coming Activities Outlined By YMCA

A great many blessings may be received by Hope women each Tuesday evening in YWCA. This organization has offered in the past and will offer in the future a splendid opportunity to secure Christian experience and growth.

Meetings are carefully planned with selected music, devotions, and hymns led by Hope students. Many special speakers are asked to address the group. They are often professors from our own campus.

Each month YW and YM have a joint meeting. Forums have been held to allow students to freely discuss their views. Also an annual mission drive is sponsored by these organizations. An event of great interest is the annual week of prayer in which many inspiring and uplifting addresses are given by a guest speaker.

Hope Looks for Queen As Christie Abdicates

Betty Christie has decided not to return to Hope this year. This leaves Hope without a queen for the first time in history. It is not known whether or how a new queen will be selected. Miss Reever, Dean of Women, has made no comment as yet. After the proper authorities have been consulted a suitable plan will be worked out.

They tell about the student at Indiana University who was giving a report in World Politics class the other day. One sheet of his notes had disappeared. Unabashed, the student said, "As Mahatma Ghandi said when he was caught in a wind storm, I wonder where that sheet went."

FACING FACULTY — ANNOUNCE

GRADUATE OF HOPE COLLEGE CLASS OF '37
TAUGHT ENGLISH AT HOPE FROM 1938 TO 1941

MEMBER OF KALAMAZOO COLLEGE CLASS OF '37
TAUGHT SCHOOL IN CHINA FOR SEVERAL YEARS AFTER 1941

THE FOLLOWING ARE GRADUATES OF HOPE COLLEGE WHO HAVE TAUGHT IN CHINA, JAPAN, AND OTHER FOREIGN COUNTRIES

MISS MARGARET J. LUTHER, HOPE COLLEGE, 1934-35, 1936-37, 1938-39, 1940-41, 1942-43, 1944-45, 1946-47, 1948-49, 1950-51, 1952-53, 1954-55, 1956-57, 1958-59, 1960-61, 1962-63, 1964-65, 1966-67, 1968-69, 1970-71, Give the Best

Give love, and love to your life
will flow,
A strength in your utmost need;
Have faith, and a score of hearts
will show
Their faith in your word and deed.

For life is the mirror of King and
slave;
'Tis just what we are and do;
Then give to the world the best
that you have,
And the best will come back to
you.

Who Showed Them?

Who showed the little ant the way
Her narrow hole to bore,
And spend the pleasant summer
day
Laying up her store?

The sparrow builds her clever nest
Of wool and hay and moss;
Who taught her how to weave it
best,
And lay the twigs across?

Who taught the busy bee to fly
Among the sweetest flowers,
And lay his feast of honey by
To eat in winter hours?

'Twas God who showed them all
the way
And gave their little skill,
And teaches people, if they pray,
To do His holy will.

Of 643,000 G.I. home loans so
far guaranteed by the government,
it has had to make good in only
135 instances, showing the World
War II veteran has proved to be
an excellent loan risk.

W.A.L. Activities Start
With Orientation Tea

The W.A.L. Orientation Tea, the
first activity planned by the Women's
Activities League, will be held
this afternoon from 3:00 to 5:00 in
Voorhees living room. At this time
the new freshmen girls will be
greeted by upperclassmen and Hope
faculty women and wives.

The Women's Activities League
is the organization on Hope's
campus to which all the girls be-
long. Throughout the school year
W.A.L. sponsors many activities,
some in which only the girls partici-
pate and others in which the
entire student body and the faculty
have a part.

The League stages a dorm girl-
town girl Pajama Party each year
when all the town girls spend a
night at the dorm. An All Girls
Party, a High School Girls' Tea, a
formal Christmas party, and May
Day, the big event of the year,
are some other of the many activi-
ties for which Women's Activities
League is responsible. Each year
W.A.L. has a service project. Last
year a Penny Carnival was held,
and the proceeds were given to
Sarospatak College, a Reformed
Church College in Hungary.

Alpha Chi Welcomes
Students of Theology

"The inspiration that was Hope
College" means little to a student
whose first year on the campus
presents only study. Alpha Chi
wishes to extend her hand of fel-
lowship to all newcomers and
wishes to invite all male students
entering the field of theology or
full time Christian service to join
our organization. It is our desire
to give you a deeper insight in your
chosen career and at the same time
make you feel as though you al-
ways belonged to this campus so
that your stay will be all that you
want it to be.

As we look back on the past
year we can see the result of our
endeavors and the value of our
meetings. As we look toward the
future we can see our main objec-
tive of making the Teachings of
Christ live not only on our Campus
but in our lives as well. To reach
our objective in life we must have
an interest in what we are doing;
to reach our objective in Alpha Chi
we need your fellowship.

This issue of the Anchor marks
the beginning of the 61st year of
its publication on Hope's Campus.

Fraternities

Emersonian

The Emersonian Fraternity extends a hearty welcome to all new and old students on Hope's campus. The year 1947-1948 promises to be a school year filled with great opportunities and possibilities. Plans for the year include the usual rushing meetings to which all new men are cordially invited, the regular literary meetings, parties, and participation in all college functions. Emersonians will be found active in all fields of endeavor whether it be in the realm of sports, dramatics, music, science, or scholastic attainment.

Realizing the responsibility placed upon it as a leader on the campus, Emersonian will be guided by its motto of "Love, Honor, Success." Upon these three cardinal points we will build toward a better college and a better world. To that end will our literary meetings be directed, but always with the proper amount of humor and song, without which the world would soon be dead.

Arcadian

The Arcadian Fraternity has the distinction of being the youngest fraternity on the campus, being organized last October. In spite of its youth, the fraternity has already proven its ability to hold its own against the other fraternities.

Last year members of the society won the top three places in the annual men's Oratorical Contest. The Arcadians held a completely formal party, and the event was a notable success. Arcadian athletic teams competed against teams from other frats, and won a fair share of victories. The climax of the first Arcadian year occurred when the Glee Club won the first-place trophy at the annual inter-fraternity sing.

The Arcadians are looking forward to another full and prosperous year under the leadership of their new president, Vergil Dykstra. Members of the fraternity have been given places of leadership in various campus activities and will continue to uphold the Arcadian standards.

Fraternal

The Fraternal Society will probably have its first meeting of the year tomorrow evening. At that time Kenneth Weller will take over the presidency for the fall term. The other officers for the first term include Harv Buter, vice president; Paul Hinkamp, secretary; and Dick Higgs, treasurer.

The Fraternal Society is the oldest organization of any sort on Hope's campus. It was founded at Union College, Pennsylvania, in 1834, and moved to Hope in 1863. Originally founded as a literary organization, Fraternal has more recently branched into social life and athletics. The society has always been a leader in many campus activities.

In the near future fall rushing will begin so Fraternal will be in the mad scramble along with the rest of the societies. As the year progresses special meetings and parties will be coming. Next spring the Fraters have every intention of again putting on the unique Frater Frolics.

Knickerbocker

The Knickerbocker Fraternity, seeking to promote a fraternal spirit among not only its members but also the entire student body, has whole heartedly and enthusiastically entered into campus activities again this year. In the line of activities, each semester is climaxed by the formal party preceded by informal affairs within the fraternity. The inter-frat athletic contests serve as a greater stimulus for co-operation with each other.

This year the Kappa Eta Nu Fraternity is looking forward to a most successful season. Rushing of new pledges has begun as have plans for special meetings. Installation of officers is scheduled for the first meeting, to be followed by a period of general planning. Included in this year's plans is the publishing of a year book for alumni and a review of the past history of the fraternity. From time to time it is planned that entertainment programs will be put on for the fraternity.

Cosmopolitan

"Friendship, Truth and Progress." These three words have held sway over many people in the past, present and will in the future. On Hope's campus a group of male students have adopted these words as an immortal motto and have engaged themselves in the task of keeping these words sacred at all times.

Phi Kappa Alpha has always enjoyed co-operating with the other campus societies in forwarding community spirit and in welcoming new students to the Alma Mater. The Cosmopolitan society is proud to be able to again continue as a leader in Hope's activities such as inter-fraternity sports, All-College Sing, student programs and many other campus events. To all the new students the Cosmopolitans extend a hearty welcome.

P. & M. Work to Start With Play By Moliere

The dramatic department of Hope College, Palette and Masque, plans to start work this fall on a three-act play, Moliere's "Imaginary Invalid" which already has one performance booked for November 25th at the Women's Literary Club. Besides this play, P. & M. will be doing a number of one-act plays.

P. & M. is a place for those interested in creative work to put their talents to use. This organization has a place for actors, designers, electricians, painters, directors, and numerous other workers. P. & M. invites all who are interested in dramatics to join with its members for a year of work and play. The old members definitely feel that P. & M. is a close knit organization where work is combined with laughter.

A big year is anticipated under the able direction of Mr. Edward Avison and with the addition of Zwemer basement as the P. & M. headquarters.

Plays presented last year were "Wieners on Wednesday" and "Gammer Gurton's Needle." Both of these plays showed excellent characterization and portrayed two distinct periods in history.

Faculty Increased

(Continues from page 3.)

University of Michigan in 1947. Mr. Rider who will be an assistant professor in Music will be in charge of string and wind instruments, orchestra and band. He has been a member of the University of Michigan Little Symphony and has taken part in many ensemble performances throughout Michigan, Ohio and Pennsylvania. He is a member of Pi Kappa Lambda and Phi Mu Alpha Synfonia, honorary music fraternities. He is also an active member of the Music Educators National Conference.

Vander Ploeg

Mr. Theodore Vander Ploeg and Mr. Frederick Miller have been added to the Chemistry Department. Mr. Vander Ploeg received his A.B. from Hope College in 1925 and has had 20 years teaching experience in the Grand Rapids school system where he taught in the Junior College. He holds a Masters degree from the University of Michigan and will join Hope's staff as an associate professor of Chemistry.

Miller

Mr. Frederick Miller, native of Grand Rapids, will be an assistant in Chemistry. He received his A.B. last June from Hope College and has served in the Navy as an Ensign during World War II.

Voogd

Dr. Henry Voogd comes to Hope as an associate professor of Sociology. He received his A.B. from Hope in 1941 and his B.D. from Western Theological Seminary in 1944. Princeton Theological Seminary awarded him his degree of Doctor of Theology in 1947. He comes from Princeton Theological Seminary where he taught a course in "Old Testament History, an Introduction."

Wade

Miss Irene Wade of Muskegon has been added to the Speech Department. She received her B.A. degree from Michigan State College in 1943 and her Master's degree in 1946 from that institution. While at Michigan State she was very active in debate and oratory, being a member of the varsity debating team and the Victory Speakers Bureau. She was a member of Phi Kappa Delta, speech honorary society and chairman of the Point Dimitation Board. Miss Wade will instruct in speech and act as coach for women's debate. In 1943 she was instructor in speech and debate at Traverse City High School, and from 1945 until June of 1947 she served as an instructor in English at Michigan State College.

Yzenbaard

A new member of the History Department is Mr. John Yzenbaard who received his A.B. from Western Michigan College in 1935, and his Master's degree from the University of Michigan in 1944. He comes to Hope College as an assistant professor from Western Michigan College where he taught "Modern European History" and "United States History." He is an active member of the Michigan Historical Society, American Historical Association and the Mississippi Valley Historical Society.

Randels

Miss Margaret Randels will join

De Graaf Returns

(Continued from Page One)

tures were given in English and eight nationalities were represented. Tuition for this course was unbelievably low in order to attract as many outsiders as possible. The group visited a student summer work camp on the island of Walcheren. These camps are run entirely by students for war reconstruction. They are again international so students can work in several countries during the summer. There is also a well organized international recreational program for college students.

The economic conditions in the Netherlands are better than almost anywhere else in Europe. This is due chiefly to the attitude of the people. They are determined to get back on their feet through hard work and sacrifice. They realize the necessity of foreign markets and are co-operating closely with other western European countries. Their greatest fear is Russia. The Dutch feel sure that the Republican leaders in Indonesia are backed by Moscow. They will be very willing to recognize Indonesian independence when a responsible government has been established. Dr. De Graaf had many other interesting observations on Dutch political and economic conditions.

The party was guests of Princess Juliana aboard the Royal Yacht. She was vacationing on the Friesland Lakes. She spoke very favorably of her visit to Hope College during the spring of 1941.

Dr. De Graaf added that throughout their trip their host, the Dutch Ministry of Foreign Affairs, gave them all it promised and more.

the Hope College faculty as an instructor in Spanish. Miss Randels is well known in Holland educational circles having taught modern languages in the local high school. She comes to Hope College with a wealth of experience gained in teaching for the past few years in schools in South America and Mexico.

Grangberg

Mr. Lars I. Grangberg who will become assistant professor of psychology received his B.S. degree from Wheaton College, Wheaton, Illinois, in 1941 and his M.S. degree from the University of Chicago in 1946. During the war he was a captain in Personnel Administration in the United States Army, and served as a counsellor at the University of Chicago during the past year.

Sororities

Sibylline

The beginning of the activities of the Sibylline Sorority was a slumber party which was held Tuesday night. Here the summer was reminisced and the plans for the coming year's events were made. The next event is the biggest of the year, namely, the formal party which is held in late fall. The spring will bring an informal party which is usually an all day picnic. The year is then ended with another slumber party at which farewells are said to the seniors and the sorority officers for the following year are elected.

Woven in between these main activities are teas, joint meetings with other sororities and fraternities, holiday parties, and alumnae meetings. Plus these are the weekly meetings which are held on Friday nights at 7:30.

Campus life for the Sibylline sorority member is filled with educational, social, and religious activities.

Delphi

As a parting fling at summer, Delta Phi sorority began the school year with a house party. It was the best ever with plenty of talk, loads of food, enough beds for a change, lots of fun, and a chance to become reacquainted. Delphis have kept touch with each other this summer through a round robin letter; and from Michigan to New York everyone reported a wonderful summer.

With many happy memories of the successful parties and meetings of last year, Delphians are looking forward to a bigger and more eventful year on Hope's campus. Plans are being made for rushing for the new sophomore girls, for homecoming, and the formal party. The returning seniors and juniors, together with the new sophomore members, plan to build up Delphi even more, and make this year our best ever!

Dorian

The Dorian Sorority started out the year with enthusiasm by having the traditional house party on Tuesday night. This party included a supper party at a cottage, an evening of fun, talking about plans for the year 1947-1948, as well as incidental talk about old times and things that happened this summer. Followed by a slumber (?) party, everyone had a wonderful time.

Plans for the year include the two big parties at which each member invited the guest of her choice. Then there are the other traditional parties, including an alumnae tea, a Christmas party at which gifts are exchanged with "secret sisters," and probably another houseparty to close the year. Other plans are being made.

The Dorian members are very much enthused about their new white sorority sweaters with the Dorian lavender emblem on the pockets. All members are anticipating a wonderful year with plenty of fun and good times.

Thesaurians

Theta Gamma Pi, one of the newer societies on Hope's campus, is looking forward to another successful year. Many interesting plans and activities are now being made by Phyllis Darrow, the new president of the sorority.

The Thesaurians have a deep college spirit and hope to be of service to the college and its organizations in every way possible.

Sorosis

Again as fall comes around, Sorosites flock back to Hope with hard earned money and tans. The usual gab-fest will start the year rolling with Sorosite Jean Snow making the plans.

Fascination, fun and food will be planned by President Lou Jonkman. We return looking forward to a super year, knowing that business and pleasure DO mix. So, "HI" old gals, "Hello" new, and Sorosite gang welcomes you.

COCA-COLA BOTTLING CO. OF GRAND RAPIDS

DUTCH TO INVADE BIG RAPIDS

Hope Opens Grid Season Against Ferris Tomorrow

Another big football season will get under way Friday night for the Hope Dutchmen when they invade Big Rapids to take on the Ferris eleven. And all indications point to a repetition of last year's score, when Coach Al Vanderbush's lads soundly trounced the Institute, 38-6.

The Dutchmen, with 17 lettermen back to lead the way, have been digging in for 3 weeks, and under the capable management of Coach Vanderbush, Higgs, Mulder, and Yoemans show marked improvement every day. Only real gap left after graduation was the right halfback slot vacated by Art Timmer, and more than enough men have reported to replace it. Several good freshmen are out to break into the lineup, and according to Coach Van, will. Ted Barrett and Eddie Leverette, two speedy backs will undoubtedly see a great deal of action this year, as well as Tackle Fred Kalsbeck and Center Gene Campbell. These four men, all new to college ball, will soon be showing the way if practice sessions indicate ability.

Lettermen returning are Yonkers at quarterback, Kraai, Post, and Zwemer, halfbacks, Emery, fullback, De Mull and Formsma, ends Collins, Draper, Cornell, and Timmerman, tackles, Dick, Moerland, Weller, and Rinkus, guards, and Ladewig and Bruggers, centers. Coach Vanderbush indicated that all the starting positions will be filled by lettermen, but that new men will undoubtedly break into the lineup during the first contest. Reserves are deep in every position, excepting possibly the quarterback slot, where Yonkers holds undisputable priority.

Very little is known of the Ferris squad. Usually a late season team, they are often rated the underdog in early games. However, the same team that Hope defeated last year in the opening contest will be back, to the man, plus a season of practice, and a three-week jump on the Dutchmen this year. Only because Hope won in 1946 will the Dutch be rated favorites; it is opinioned by Coach Vanderbush that the opening contest may well be the toughest.

Probably starting lineup for the orange and blue will be: Emery at fullback, Post and Kraai at the halfbacks, Yonkers at quarterback, De Mull and Formsma on the ends, Collins and Timmerman tackles, Dick and Moerland or Ryzenga at the guards and Ladewig or Campbell at center.

W.A.A. To Provide Girls' Sports Plans

Girls, the fellows are not the only ones who have fun in basketball, baseball, or tennis! At Hope the Women's Athletic Association, better known as W.A.A., sponsors these and many more sports events.

W.A.A. plans a program for all girls interested in various sports and sets up teams for good competition. Last year the big event was our play day here at Hope with Calvin. This year we plan to have more of these days with more schools.

Women's Athletic Association is looking forward to seeing old girls and is hoping that lots of new girls will become W.A.A. members.

Team Profile

BACKFIELD

Vern Kraai, Holland, Mich., 23, 5 ft. 11 in., 155 pounds, probable starting right halfback, best dasher in MIAA.

Ernie Post, Holland, Mich., 22, 5 ft. 9 in., 165 pounds, probable starting halfback, plunger.

Nick Yonkers, Muskegon, Mich., 20, 6 ft., 180 pounds, starting all MIAA quarterback, best in the league.

Bob Emery, Roseville, 19, 6 ft. 1 in., 218 pounds, starting fullback, a bulldog.

Eddie Leverette of Holland and Ted Barrett of Muskegon, two fleet-footed halfbacks who will see plenty of action this season. Both 5 ft. 8 in., about 160 pounds.

Roy Zwemer and Bill Hinga, halfback and quarterback, respectively, first nitch replacements, both highly capable ball players.

Jim Pfingstel and Tom Van Wingen, freshmen, quarterback and halfback, very likely prospects for action this year.

Harold Van Zoeren, Ken Johnson, and Don Heeting, all fullbacks and capable.

LINEMEN

Ends

Clair De Mull, Wyoming Park, 21, 6 ft. 2 in., 190 pounds, starting end, highly dependable performer. Gerald Formsma, Wyoming Park, 19, 6 ft. 1 in., 175 pounds, starting on the other end.

Don Bocks, Earl Folkert, Bill Holwerda and John Ligtoet, all available for an end position, all probables as starters.

Tackles

Rip Collins, Grand Rapids, 23, 215 pounds, starting tackle, gap-maker.

Gordon Timmerman, Grand Rapids, 21, 5 ft. 10 in., 185 pounds, will probably start at tackle, veteran of last season.

Fred Kalsbeck, 18, 6 ft. 3 in., 200 pounds, Muskegon, will see plenty of action in his tackle position.

Bill Draper and Ralph Cornell, both veterans of the 1946 team, both dependable players.

Gordon Van Hoven and Russ Norden, the former a transfer from Grand Rapids J. C., with plenty of ability, the latter a veteran of last season at Hope.

Guards

Len Dick, 24, Holland, 5 ft. 10 in., 190 pounds, three football letter winner, most reliable guard.

Abe Moerland, 22, Grand Rapids, 5 ft. 8 in., 165 pounds, letter winner of 1946, probable starting guard.

Ted Rycenga, 22, Grand Haven, 5 ft. 11 in., 190 pounds, most promising guard to beat out a veteran.

Mickael Kromp, 26, Grand Haven, 5 ft. 8 in., 170 pounds, another very good prospect for plenty of action.

Ken Weller and Don Rinkes, a couple of hefty linemen, both back from the 1946 team.

Center

Don Ladewig, Holland, 21, 6 ft. 2 in., 198 pounds, starting center, letter winner.

Gene Campbell, Muskegon, 20, 6 ft., 200 pounds, pushing hard for honors in the central slot.

Glenn Bruggers and Paul Boerigter, the third and fourth deep for the center slot, able men.

Hope's Four Horsemen

Nick Yonkers

Clair De Mull

Bill Draper

Rip Collins

It's hard to realize that the football season is just around the corner. The weather, hot and muggy, has certainly not aided or been beneficial to practice, and has more or less dampened the spirit of the thing. But the breeze is blowing in and no doubt the opening whistle will find cooler weather.

Everyone seems to think Hillsdale will again cop the championship in the league, this time all by themselves, with no Hornets or Dutchmen hanging on. I believe so too! With their entire team back, save one, with a couple of all MIAA touchdown twins, both leaders in scoring in the state last year, with a coach like Dave Nelson, disciple of Crisler and a complete authority on the Crisler system. But Kalamazoo is close behind, and Hope. What about Hope? Is there hope for Hope? But definitely, say the authorities. The Dutchmen have plenty of lettermen back, more than any other conference team; two big gaps, left by Timmer and Schriener have been plugged and plugged well; the reserve strength is staggering, except at quarterback where it would be a very difficult thing indeed to replace Yonkers. Speed will be the byword in Coach Vanderbush's squad this season; the "T" calls for it, and so does his lightweight backfield. Of course there is Emery that 200-pound plunging fullback, who should, if he keeps his head, make the all MIAA team this year. And a couple of all state (Michigan) high school lads, now on the blue and orange, Barrett and Leverette, both small, but plenty fast to carry out the coach's plan. Kraai can, once he gets going, out-run anybody in the conference, and Post is no piker on off-tackle plunges. Which brings us to the line, that too often unheard of seven who really make the team what it is. DeMull is fit and good, and so is Formsma, the ends; Collins and Timmerman and Kalsbeck and Draper—average weight 200 pounds—should be able to handle the tackle assignments as well as any tackles in the league. Len Dick has three letters in football from Hope already, which about tells the story; the other guard slot can be taken care of by veteran Moerland, or Mike Kromp or Ted Rycenga, two new-comers, or Weller and Rinkes, two letter-winners. At center will be either Ladewig or Campbell, with Bruggers and Boerigter willing and able. So there it is. On paper not bad, on the field, nobody knows.

The first two games should be wins for the Dutch, then comes Hillsdale, and so I must say, because I have picked them, that they will beat the Dutch. However, the fact that they play them here, on an afternoon in October, with all the lovely co-eds watching their heroes perform, may be the deciding factor in the ball game. Little things like that do count you know. I never could have kicked that extra point for Notre Dame, the one that beat Army back in '40 if it hadn't been for my girl friend up there in the 32nd row!

Coaches Regard Hillsdale As Top Title Contender

A title scramble, unparalleled in the history of the league, is the prediction for this year's Michigan Intercollegiate Athletic Association football race. The little colleges are going to exhibit slambang action, and the championship won't be decided until the last day of the season, November 8.

Opinion of the coaches around the six-team circuit gives the nod to Hillsdale to walk away with the crown. Yet each one will quickly add that Hope looks plenty rough, and Kalamazoo's a threat. And don't forget Alma, whose enrollment has jumped to almost 700—second largest school in the conference. And so it goes.

Tied Last Season

In 1946 Kalamazoo and Hillsdale tied for the league title, and there was playoff talk, but the Dales balked. The Hornets would have been champions if it hadn't been for a 20-0 defeat at the hands of Hillsdale, and the Dales might have been titleholders if Albion hadn't upset them.

Despite the fact that most pre-war eligibility rules have been reinstated, the freshman rule has been waived, and first-year newcomers can participate in the varsity fracas this year. New stars are bound to show up among the frosh—making the outcome of the season unpredictable.

Head Hillsdale Mentor Dave Nelson, can't help but dream of a rosy future with his high-scoring touchdown twins, Bill Young and Tom Ward among the returning veterans, both All-MIAA selections. The Little Blue lost but one game last year—and it cost them an undisputed title—bowing to Albion. Two other Dales with "All-MIAA" besides their names are Alex Clelland, center, and Jack Masterton, tackle.

Other letterwinners are Ends Captain Ray Perry and John Cuddeback; Tackles Dick Pifer and John Nitz; Guards Carl Zweig, Bob McNeillage and Bob Cort; Center Cleo Winchell and Fullback Tom Albright. Among the newcomers, Monte Charles, Vicksburg high school star in 1946, has shown much promise.

Assisting Nelson are Harold Westernman, and Mike Lude—Dale guard last year.

Hope gives promise of having the fastest backfield in the MIAA. All-MIAA quarterback, Nick Yonkers, has returned, and he will be aided by two freshmen lights, Ted Barrett, all-state halfback from Muskegon high school, and Eddy Leverette, scatback from Holland high. Star dashman, Vern Kraai, and Ernie Post and Bob Emery are also striving for backfield posts.

On the line are Clair De Mull, Gerald Forsma, and Harvey Butler, ends; Bob Collins, Gordon Timmerman, Ralph Cornell and Bill Draper, tackles; Abe Moerland, Don Rinkes, Ken Weller and Len Rick, guards; and Glenn Bruggers, Charles Newton and Don Ladewig, centers. An imposing array. Tom Shopoff Missing

Head coach again this year is Al Vanderbush, with Don Mulder, Dutch cage star, as his assistant.

Kalamazoo College has the majority of its 1946 personnel back, but is minus All-MIAA Back Tom Shopoff, the latter choosing not to return to school this fall. Coach Bob Nulf, however, can count on All-MIAA Guard Vince Marandino;

Ends Val Jablonski and Milt Christen; Tackles Al Grabarek and Earl Kink; Guards Charles Wright; Center Gus Southworth; and Backs Charley Stanski, Bob Reed, Jimmy Navrot, Len Backer and Gene Flowers.

The Hornets won all but two encounters in 1946, but this season look weak in reserve strength. Several freshmen, however, are on hand to lighten the burden.

Line Coaches Lloyd (Dob) Grow and Bruce (Pinky) Warren will again assist Nulf.

New Coach at Albion

Only coaching change in the conference took place at Albion, where Assistant Dean Rockwell took over the guiding reins from veteran Dale Sprankle. He will be assisted by Walt Sprandel.

Fourteen lettermen have returned from the '46 Briton eleven, including Charles Clark, All-MIAA guard. According to Rockwell, the Britons will turn their attention to strict offense, with Bob Mohr, triple-threat back, expected to be the hub of the attack.

Other important veterans back are John Oakes, who has been shifted from center to quarterback; Marvin Shebel and Bob Lenzi, guards; Ralph Baughey and Bob Kincaid, tackles; and Wendell Martin and Paul Bennett, backs.

Tullis Still Around

Alma's freshman crop is large, but its potentialities are unknown. Forming the nucleus of the 1947 squad are Max Tullis, speedy All-MIAA halfback; Bucky Walters, 1946 fullback and captain; Gayle Saxton, tackle; and Rocky Walker, halfback.

Steve Sebo starts his second year as Scot mentor, and will have a former Alma star, Bruce Butler, as his assistant.

Not much is known of an Adrian squad that lost all eight of its games last year. Lyman Abbot will be entering his second season as Bulldog mentor, and will have Norman Mountain as his assistant.
